Resident Spotlight:

Born in 1957 in Meridian, Michigan. This month, we are delighted to shine our Resident Spotlight on the lovely Faye Carole, whose story is filled with family, adventure, faith, service, and a love for the beautiful things in life. Faye and her husband, Peter, have shared an incredible 47 years of marriage. Together, they raised two children and are now blessed with three grandchildren. Six years ago, Faye and Peter made Arizona their home, beginning yet another chapter of their life together. One of Faye and Peter's greatest shared passions has always been traveling. They have been fortunate to experience some truly beautiful places around the world, including Paris twice, Greece twice, and extensive travels throughout Canada. Although Faye has always loved the outdoors, there is one adventure that somehow never made the family itinerary, a family camping trip! One of Faye's most meaningful memories came while she and Peter were preparing to have their daughter baptized. During the preparations, Faye realized that she herself had never been baptized. She made all the arrangements and was baptized just three weeks before her daughter, turning an already special family milestone into a beautiful and deeply personal memory of her own.

Celebrating Faye Carole:

Faye enjoyed a successful career as a CPA for more than 30 years. Her talents and dedication extended well beyond her professional career, as she also served as treasurer for numerous social organizations throughout the years. When someone needed a trusted hand with the numbers, Faye was often the one they called!

Faye has a special love for Elvis Presley, who just so happened to be born in Tupelo, Mississippi which was about 20 miles north of the small Mississippi town where Faye Carole grew up.

Countless Beautiful Memories!

From traveling the world with Peter, serving others, and creating memories with her family, Faye's story is one of a life beautifully lived. We are so happy to celebrate Faye as our Resident Spotlight of the Month and to share just a small glimpse of the memories, accomplishments, and experiences that make her so special.

Together Peter and Faye Carole have shared 47 yeas of marriage, 2 children, and 3 grandchildren.

There's a sweet family story behind Faye Carole's name! When Faye was born, her parents couldn't agree on what to name her. Rather than choosing one side of the family over the other, they found the perfect compromise. They named her after two beloved aunts, one from each side of the family. From one aunt came Faye, and from the other came Carole. And just like that, Faye Carole received a name that beautifully represents both sides of her family.

Community Life:

At Mosaic, we believe there is something truly special about providing meaningful social roles for our residents, opportunities that create purpose, connection, confidence, and a sense of belonging. We are so excited to introduce Sara, our wonderful Concierge Assistant! Sara is thriving in her new role. One of her favorite responsibilities is receiving our incoming packages, helping to label and organize, and assisting with their distribution throughout our community. This role is about so much more than packages. It's about purpose. It's about independence. It's about being needed, valued, and contributing to the community you call home. And Sara loves every minute of it! Seeing the pride and joy she takes in her work makes us incredibly proud.
At Mosaic, everyone has something meaningful to contribute.

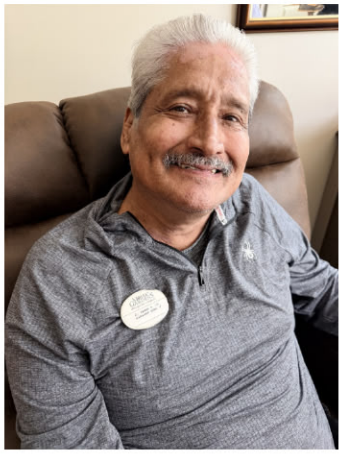

Another social role we've absolutely loved celebrating at Mosaic belongs to our very own Karaoke King, Eddie! The moment Eddie turns the corner, you know music is coming! There's always a tune on his lips and a smile not far behind. His love for music brings such wonderful energy, joy, and warmth to our community. Some people simply walk into a room… Eddie brings the soundtrack. Keep singing, Karaoke King!

Our community is alive and thriving, from creating beautiful floral arrangements to sweet visits from our furry little friends, our days are filled with connection, creativity, laughter, and joy. These are the little moments that make life so beautiful.

A beautiful Mosaic moment.

Some moments are simply unforgettable. We had the incredible honor of witnessing twin siblings reunited, a beautiful moment filled with love, emotion, and a bond that time could never erase. Two beautiful souls. One incredible reunion. A new chapter begins at Mosaic. Welcome Oscar & Mary Helen.

SEPTEMBER is World Alzheimer's Month.

Each September, people unite from all corners of the world to raise awareness and to challenge the stigma that persists around Alzheimer's disease and all types of dementia.

This September, the Alzheimer Disease International seeks to tackle the persistent stigma and discrimination surrounding dementia by shining a spotlight on the timely and important issue of early diagnosis under the theme: The Earlier You Know, The More You Can Do: A Dementia Diagnosis Matters.

Every September ADI coordinates a global awareness campaign for World Alzheimer's Month, with a particular focus on World Alzheimer's Day on September 21. The month and campaign raise much needed awareness and help tackle stigma and is supported by its members and
